Re: Rule 40.6(d) Weekly Notification of Rule Amendment (Eris Exchange Submission #2014-04)

Dear Ms. Jergens:

Pursuant to Commodity Futures Trading Commission (the "Commission") Regulation 40.6(d), Eris Exchange, LLC ("Eris Exchange" or the "Exchange") hereby notifies the Commission of the following amendments to the terms and conditions of the Eris Interest Rate Swap Futures Contract Specifications, (the "Contract Specifications"), which appear in Rule 1101, made effective during the week of June 2, 2014.

The Exchange added a Contract Short Name section to the Contract Specifications in Rule 1101 for the 2Y, 5Y, 10Y, and 30Y Eris Standard contracts and amended the Contract Short Name section for the 7Y Eris Standard contract. Additionally, the Exchange fixed a typographical error in the face value of the 10Y Standard Contract Specifications. To be clear, on May 16, 2013 the Exchange submitted Eris Exchange Submission #2013-11, which substantively changed the face value of all Eris Standard and Eris Flex contracts, including the 10Y Eris Standard, from \$1,000,000 to \$100,000. This change took effect on June 3, 2013, 10 business days after the submission, pursuant to Certification under Commission Regulation 40.6(a). This week's change corrects a typographical error that remained in the Rulebook.

The current, non-substantive amendments to the Contract Specifications appear in Attachment 1 to this notification.

The Exchange certifies that it has concurrently published this submission and the amended Rulebook on the Exchange website at <http://www.erisfutures.com/rules-notices-policies>.
